

Men in black loading long black bags into the back of the white pickup after the Douglas High shooting. An injured teacher saw one man she thought was a cop in all black full metal armor with black helmet and face shield and strange gun spraying bullets, one of which hit her arm.

**All is not well in government.
No time to give up
effective defense weapons!**

The prevention of one crime cannot be dependent upon the commission of another more serious crime.

To stop mass shootings we must block their objective, namely, alteration of the 2nd Amendment.

A defense to tyranny is more important than preventing all shootings

THE ONLY REASON FOR DISARMING THE PEOPLE IS TO MAKE THEM POWERLESS AGAINST TYRANNY

DISARMAMENT TERRORISM

Necessary Definitions

Terrorism: The use of violence (real, threatened, pretended or perceived) to alter public policy or law.

Conspiracy to Commit Terrorism: The agreement to use violence to alter public policy or law. The conspirators need not know one another. Conspirators may drop out and drop in. Conspirators may have different jobs but share the goal and means to achieve it. A conspiracy does not require that those who do or threaten the violence be the same as those who advocate the alteration of the law or policy based upon that violence and vice versa.

Conspiracy to Commit Disarmament Terrorism : The advocacy of alteration, infringement upon, or abolition of the 2nd Amendment based upon violence, threatened, executed, or pretended by themselves or others.

Liability: Every conspirator is liable for all the acts of everyone in the conspiracy.

Facts Producing Justified Suspicions

"Freedom From War:"

Federal program to completely disarm the American public, transfer all heavy armament to the UN while government retains small arms to maintain civil obedience. An unlawful tyrannical program on its face.

9/11/01 "Terror Attack"

Super Nanothermite was found in all dust samples taken at the World Trade Center. No hijacker could plant that through out the WTC.

47 story WTC Building 7 collapsed at 5:20 pm on 9/11/01 at free fall acceleration for 2.4 seconds (impossible without aid of explosives).

No criminal investigation ever con-

ducted by any law enforcement body in America.

Patriot Act was written in advance of 9/11/01 and enacted immediately afterward.

Sandy Hook:

Email to and from Sandy Hook Elementary ceased in 2008, four years before the shooting.

FBI National Crime Report for Newtown CN in 2012 shows 7 violent crimes, 5 forcible rapes, 0 robberies, 2 aggravated assaults, 185 property crimes, 32 Burglaries, 151 larceny thefts, 2 motor vehicle thefts, 1 arson and **0 Murders** & non-negligent manslaughters.

A FEMA mass shooting drill manual was found at the Adam Lanza residence showing Sandy Hook Elem. Location and drill date of 12/14/12, the same day of the shooting.

No pictures of crime scene, no pictures of evacuated student body, no pictures of triage with the injured or dead. Only 20 or so children are shown over and over again in poses in parking lot.

Douglas High School in Park-land Florida:

Several eyewitnesses say there was more than one shooter because they had to change evacuation directions due to multiple locations of shots fired.

One witness stood beside and talked to Nikolas Cruz right after hearing shots in another part of the building.

Wounded teacher says she saw a policeman in full metal swat gear and helmet spraying the building with bullets from a strange gun one of which got her arm.

Several students said they were told they would have a "code red" mass shooting drill with fake bullets that day so they were not immediately afraid.

Gun powder was found all over the floor which is a result of using fake bullets.

No obituaries for the 17 were posted until a researcher drew attention to the fact.

The permit for the "March For Our Lives" event in Washington DC was applied for 6 months in advance of the Douglas High shooting which was the catalyst for the event.

The student spokesmen for Douglas High turned out not to be a student there. His dad, Kevin Hogg was an FBI agent who also worked for Cubic, a company that creates simulated combat situations.

El Paso, Texas 8/3/19:

20 or so eyewitnesses say 3 or 4 men dressed in all black entered the Walmart and did the shooting. News concludes one 21 year old white male, Patrick Crusius, did all the shooting.

George Soros, Michael Bloomberg and Steven Spielberg, to name a few, have paid millions to alter public law in the Second Amendment. Who knows what that money really goes for? And they are using these acts of violence or perceived violence to alter the law of the land which is Disarmament Terrorism.

Weaponized Mass Media Cartel

Weaponized Mass Media Cartel continues to report news stories that are in contradiction to their own coverage. The Douglas High School Drill shooting is used by Disarmament Terrorists to mobilize innocent trusting children to commit another larger crime against the American People, namely, depriving them of a defense to tyranny.

Solutions:

Our request for policy creation and new legislation does not alter, abolish or infringe upon the law of the land but works with it to better enforce it.

1. We need legislation declaring that the use of violence, or violence committed by others, or the illusion of violence to alter the 2nd Amendment is an act of Disarmament terrorism.

When the object or goal of disarmament terrorism is removed and made impossible to achieve by this method mass shootings will cease.

2. We need legislation requiring all mass shooting crime scene evidence to be posted on the internet.

Whenever any crime is used as leverage to alter the 2nd Amendment depriving the people of America of an effective defense to government tyranny or terrorism of any kind, a complete and thorough investigation should be done and all crime scene evidence including crime scene photos of bodies and autopsy reports should be made public without redaction to prove the event happened exactly as reported.

The defense of the American People to tyranny under the 2nd Amendment far outweighs the concerns of the relatives of victims of mass shootings and all evidence must therefore be made public on the internet.

3. We need legislation correcting firearm terminology.

No tool is always an "assault weapon." Anything can become an assault weapon if used to assault someone, conversely, anything used to repel an assault is a *defense weapon*.

All assault weapons are unlawful and all defense weapons are lawful. The naming of any tool or weapon an "assault weapon" in order to prevent

the people from keeping and bearing an effective defense to governmental tyranny or terrorism is unlawful, in violation of the law of the land under the 2nd Amendment. Those who pervert the language to disarm the people should be arrested.

There is also no such thing as "gun violence." People assault others or defend themselves with tools. All such firearm terminology to deprive the people of an effective defense to tyranny is unlawful and part of a disarmament conspiracy.

4. We need legislation declaring that proof of a mass shooting to have occurred exactly as reported does not warrant or justify the disarmament of the American People.

No crime should be justification for another crime of greater importance. The maintenance of an effective and sufficient defense to government tyranny by the American People is superior to all other laws of the land.

5. Don't conduct Mass Shooting Drills. It invites Disarmament Terrorists.

If you do conduct mass shooting drills be on the alert for interference and investigate everything during and afterward and make it public.

Suspiciously alert, calm man with lower leg blown off exposing tibia.
