

because the lockdowns, combined with the emptying of hospitals (ostensibly to make room for COVID-19 patients), halted all but the most pressing procedures and treatments.

They also observed these diseases are being exacerbated by the fear and chaos surrounding COVID-19.

LOCKDOWNS cause Stress and Chaos and restrict normal Health Care and worsen Chronic Diseases

We know that stress significantly suppresses the immune system, so I can really claim 200% that all the chronic diseases will be more severe and more acute per se. Specifically in situ carcinoma – over 50% of these are going to become more invasive [...] So I will say that this epidemic isn't so much an epidemic of the virus, it's an epidemic of giving people a lot of fear and stress."

It's time to END "government" TYRANNY & MEDICAL MALPRACTICE IN AMERICA. DISOBEY THE FAKE PANDEMIC RULES!

<http://LawfulGovernment.com/covid-disobedience-now.pdf>

Covid Disobedience JUSTIFIED NOW!

Real Civil Disobedience is not looting, burning and pillaging stores and shops and hurting police officers but simply refusal to obey bad laws that harm the people.

True just civil disobedience is refusal to go along with government edicts and decrees that harm the life, liberty and possessions of the people.

When government locks down businesses and quarantines healthy people and demands they wear a mask all day which is harmful to their health and their property, all people have a right to disobey those unlawful regulations.

The state has no authority to harm the people and when they make laws that do so, the people obtain a right and duty to resist those tyrannical decrees by refusing to comply with the fake law:

- We should openly destroy our masks.
- We should open all businesses completely and fully.
- We should support those who want to open their businesses fully by coming to their aid if they are arrested and fined.
- We should notify all those in public office that we are not going to comply with decrees that harm our life, liberty and possessions.

NO PROOF OF COVID-19 OR DEATHS FROM IT!

This brochure contains proof that no one knows for sure if anyone has died from Covid-19 as there is no proof of the Covid-19 virus.

Dr. Stoyan Alexov, president of the Bulgarian Pathology Association (BPA) and member of the Board of Directors of the European Society of Pathology, says the World Health Organization is a "criminal medical organization." And what follows is an excellent reason for making that statement:

Dr. Stoyan Alexov

- No novel-coronavirus-specific (Covid-19) antibodies have been found.
- Covid-19 is not deadly.
- Existence of Covid-19 is presently based on FAITH NOT FACT.
- Impossible to make effective "vaccines" without specific antibodies.
- The Covid-19 has not been put through the three necessary Koch Postulates that isolate, duplicate and link symptoms to isolated pathogens therefore:
- Impossible to make accurate test kits without antibodies.
- The unlawful Bill Gates "Immunity Certificates" verify nothing without accurate tests and identification of virus and its symptoms.
- It is clear there is another purpose behind this LOCKDOWN other than public health and in fact it harms public health. It must stop now! This is about data implants and digital currency, control and OPPRESSION!

"So God created man in his own image, in the image of God created he him; male and female created he them." Genesis 1:27

But state, federal and local governments in the U.S. are trying to keep America under lockdown until a vaccine regimen is prepared and the data chip to carry vaccine information as well as other data when it is deemed necessary for public safety.

The dissolved "government" is making natural man created in the image of God a danger to society that must be made safe before they can open society. The "government" does not have authority to do that and the people have a duty to disobey tyrannous "government" schemes.

No Monoclonal Antibodies revealing a pathogen such as Covid-19

The body forms antibodies specific to pathogens it encounters. These specific antibodies are known as **monoclonal antibodies** and are a key tool in pathology. This is done via immunohistochemistry, which involves tagging antibodies with colours and then coating the biopsy, or autopsy, tissue slides with them. After giving the antibodies time to bind to the pathogens they're specific for, the pathologists can look at the slides under a microscope and see the specific places where the coloured antibodies, and therefore the pathogens they're bound to, are located.

Therefore, in the absence of monoclonal antibodies to the novel coronavirus, pathologists cannot verify whether SARS-CoV-2 is present in the body, or whether the diseases and deaths attributed to it indeed were caused by the virus rather than by something else.

Lack of Solid Evidence for SARS-CoV-2 Lethality

Dr. Klaus Püschel, the director of the Institute of Forensic Medicine at the University Medical Center Hamburg-Eppendorf in Germany supports the findings of Dr. Alexov and said in media interviews that **"there's a striking dearth of solid evidence for COVID-19's lethality:"**

"COVID-19 is a fatal disease only in exceptional cases, but in most cases it is a predominantly harmless viral infection," **Dr. Klaus Püschel** told a German paper in April.

Dr. Klaus Püschel

He also said: "In quite a few cases, we have also found that **the current corona infection has nothing whatsoever to do with the fatal outcome because other causes of death are present**, for example, a brain hemorrhage or a heart attack [...] [COVID-19 is] not particularly dangerous viral disease [...] All

speculation about individual deaths that have not been expertly examined only fuel anxiety."

Existence of Covid-19 has not been proven under Koch's Postulates

The novel coronavirus has not fulfilled Koch's postulates as reported by journalists, Rosemary Frei and Amory Devereux, on June 9, 2020 in the Off-Guardian:

These postulates are scientific steps used to prove whether a virus exists and has a one-to-one relationship with a specific disease. We showed that to date **no one has proven SARS-CoV-2 causes a discrete illness** matching the characteristics of all the people who ostensibly died from COVID-19. **Nor has the virus been isolated, reproduced and then shown to cause this discrete illness.**

Existence of SARS-CoV-2 (Covid-19) based on FAITH NOT FACT

Two more journalists, Torsten Engelbrecht and Konstantin Demeter, added to the evidence that **"the existence of SARS-CoV-2 RNA is based on faith, not fact."**

The pair also confirmed:

"there is no scientific proof that those RNA sequences [deemed to match that of the novel coronavirus] are the causative agent of what is called COVID-19."

NO ONE HAS DIED FROM COVID-19

Dr. Alexov stated in the May 13 interview that: "the main conclusion [of those of us who participated in the May 8 webinar] was that the autopsies that were conducted in Germany, Italy, Spain, France and Sweden **do not show that the virus is deadly.**"

He added that: "What all of the pathologists said is that there's no one who has died from the coronavirus. I will repeat that: **no one has died from the coronavirus.**"

Dr. Alexov also observed there is no proof from autopsies that anyone deemed to have been infected with the novel coronavirus died only from an inflammatory reaction sparked by the virus (presenting as interstitial pneumonia) rather than from other potentially fatal diseases.

What is Bill Gates and the state doing with vaccines in absence of proof that Covid-19 even exists?

"We need to see exactly how the law will deal with immunization and that vaccine that we're all talking about, because **I'm certain it's [currently] not possible to create a vaccine against COVID.** I'm not sure what exactly Bill Gates is doing with his laboratories – is it really a vaccine he's producing, or something else?"

As pointed to above, the inability to identify monoclonal antibodies for the virus suggests there is no basis for the vaccines, serological testing and immunity certificates being rolled out around the globe at unprecedented speed and cost. In fact, there is no solid evidence the virus exists.

[With the flu] we can find one virus which can cause a young person to die with no other illness present [...] In other words, the coronavirus infection is an infection that does not lead to death. And the flu can lead to death."

Deaths attributed to Covid-19 likely result of bad treatment not Covid-19

(There have been reports of severe maladies such as Kawasaki-like disease and stroke in young people who were deemed to have a novel-coronavirus infection. However, the majority of published papers on these cases are very short and include only one or only a small handful of patients. Moreover, commenters on the papers note it's impossible to determine the role of the virus because the papers' authors did not control sufficiently, if at all, for confounding factors. **It's most likely that children's deaths attributed to COVID-19 in fact are from multiple organ failure resulting from the combination of the drug cocktail and ventilation that these children are subjected to.)**

Dr. Alexov therefore asserted that: **"the WHO is creating worldwide chaos, with no real facts behind what they're saying."**

World Health Organization is creating CHAOS and HEALTH PROBLEMS

Among the myriad ways the WHO is creating that chaos is by prohibiting almost all autopsies of people deemed to have died from COVID-19. As a result, reported Dr. Alexov, by May 13 only

three such autopsies had been conducted in Bulgaria.

Also, the WHO is dictating that everyone said to be infected with the novel coronavirus who subsequently dies must have their deaths attributed to COVID-19.

Dr. Alexov disclosed that pathologists in several countries in Europe, as well as in China, Australia and Canada are strongly resisting the pressure on them to attribute deaths to COVID-19 alone:

"I'm really sad that we need to follow the [WHO's] instructions without even thinking about them. But in Germany, France, Italy and England they're starting to think that we shouldn't follow the WHO so strictly, and [instead] when we're writing the cause of death we should have some pathology [results to back that up] and we should follow the protocol. [That's because] **when we say something we need to be able to prove it.**"

Vaccines can cause death & autopsies could prove it but not allowed presently

(He added that autopsies could have helped confirm or disprove the theory that many of the people deemed to have died of COVID-19 in Italy had **previously received the H1N1 flu vaccine. Because, as he noted, the vaccine suppresses adults' immune systems and therefore may have been a significant contributor to their deaths** by making them much more susceptible to infection.)

Drs. Katsarov and Alexov (above) agreed that yet another aspect of the WHO-caused chaos and its fatal consequences is many people are likely to die soon from diseases such as cancer
